

To every Australian

As a matter of Public importance please read and record the information published at <http://www.persiaworldnews.com/page5.aspx> documented the true events and the crimes against humanity committed by the Australian government/politicians resulted to the Australian Labor Party's illegitimate coup that outrage the conscience of mankind.

To have conscious is not a matter of learning rules or of building up a store of information. Thus it appears the Federal Members of Parliament have no conscious except they are using your country and the tax payer's money with their resources to hide the crimes.

The Australian Labor Party's illegitimate coup was made for the purpose to conceal the crimes against humanity from the Australian Public.

Kind regards,
