**Royal Greeting:**

**On the day of Heaven and in the Great year of the Imperial of Persia comprise from East to West,**

His Imperial Majesty QEUMARS being away from Home and as the cause of Cold War, Gulf War, Massacres and Assassinations, severe International and Political and fatal circumstances, thus, certain organizations have taken advantage and acted in barbarous acts which outraged the conscience of mankind.

In February 2007 His Imperial Majesty QEUMARS before the entire world in one of the most significant history of all time officially constituted The Imperial Chamber and the Embassy of Persia in Palm Cove, Queensland, Australia.

Persia is official title of the United Provinces (States) of Iran describe as the birth certificate of Iran, being IranImperial. Persia by definition as birth certificate constitutes the Commonwealth of Iran, binding everybody including all States. Persia has been judicially described as the sovereignty of United Provinces of Iran, with historical and urban settlements dating back over 4000 BC. Persia the birth certificate of Iran constitutes the inherent dignity and of the equal and inalienable rights within the sovereignty of Iran. Thereby, the fundamental law bound by the terms of representation that the title within Her boundary announces Iran and from outside Her boundary announce Persia. For example, representation of the title United Kingdom within Her boundary announces Britain. Before 1900 and thereafter, United Kingdom, Commonwealth countries, Russian Federation and other countries adopted the same structure for their system of government as well as for their fundamental law. It is important to say that any of the State Parties to the present Covenant in the Charter of the United Nations, or any organizations, or the individuals, or the republicans have no power to defame or to remove the birth certificate of Iran. Whereas disregard and contempt on Persia resulted in barbarous acts which outraged the conscience of mankind.

His Imperial Majesty QEUMARS son of Her Excellency Molouk ol Saltaneh and His Majesty Soltan Fereydoun Mirza Qajar heir of the King His Imperial Majesty Soltan Ahmad Shah Qajar. His Imperial Majesty QEUMARS born on First day of January 1969 in Tehran, after the birth, His Mother was assassinated in Iran, thereafter His father deceased. In 1975 in the presence of The Emperor QEUMARS in Tehran the Coronation within Iranian law and by authentic monarchic principles proclaimed by the Great Will. By the command of His Majesty Soltan Fereydoun Mirza Qajar two Wills were executed in Tehran for The Emperor QEUMARS, the Great Will and a Confidential Will drawn on 20 January 1975. The Great Will and the Confidential Will only partly translated to English language. The Confidential Will for The Emperor QEUMARS describes the significant history of the revelations brought before 1969, documented the forthcoming future and the death of Mohammad Reza Pahlavi and Pahlavi regime will be destroyed by 1979 and documented other important events.

An activist by the name of Ayatollah Ruhollah Mousavi Khomeini in October 1965 moved to Iraq and thus in 1975 through his advocates in Tehran exposed to the Confidential Will. Mousavi Khomeini titled himself as Imam took advantage and used the information from the Confidential Will as he himself predicted the collapse of Pahlavi regime and in 1978 moved to France and deceived the world. Mousavi Khomeini by using the information from the Confidential Will become in such scale that in late 1978 a message swept the country in Iran with propaganda that Khomeini's face could be seen in the full moon. Millions of Iranian celebrated in thousands of mosques. Subsequently, Mousavi Khomeini by using the information from the Confidential Will titled himself as Supreme leader of the Islamic republic of Iran.

In 1979 The Emperor's fosters and His guardians have been brutally murdered by the republic uprising of Khomeini. Mousavi Khomeini and his advocates in order to conceal the Confidential Will thus through Khomeini's wicked agents proceeded to massacre innocent people in Iran. Mousavi Khomeini and his advocates knew that under the Covenant and within the principal of the Iranian law, as long as The Emperor QEUMARS is alive, such Islamic republic company can not format itself to a government whatsoever.

All the efforts were taken to stop the illegitimate Islamic republic in Iran and to expose Khomeini's deception, thus, on 25 July 1984, the Ministry of Justice in Tehran within the National Organization for Registration of Documents and within the Public Notary Office for Certify Signatures authenticated the Great WILL and authenticated the Confidential WILL drawn on 20 January 1975.

Subsequently, in 1984, due to severe political events The Emperor QEUMARS taken out of Iran through Azerbaijan Mountain to Europe. The Emperor refused to leave Iran but was promised within two years He would return to His home Iran. Though, due to further mass killing and severe political events, His return delayed. In 1988, The Emperor QEUMARS on His journey back to Iran, He was captured by foreign intelligence agency in Bulgaria. He was shot and without His consent taken to Athens/Greece and by force on 27 December 1989 brought to Brisbane/Cairns Australia and as to the wounds and assault He was hospitalized.

**Recorded with Australian Government/Base hospital report on 29 December 1989:** "He still bears the scars and bruises". The hospital could not understand how with such medical condition and the bullet wound He was on board the flight to Australia. **On 29 December 1989 Base hospital doctor through medical examination asked The Emperor the following question:** Why you are in Australia? "I don't know anything about Australia, I didn't want to come to Australia, I want to go home to Iran". "It was in my journey to Iran, I was captured in Bulgaria and then by violence and by force I was practically kidnapped and sent to Australia. I want to go home to Iran". The Emperor underwent surgeries and continued with medical check-up until March 1992. (For further information visit <http://www.persiaworldnews.com/service4.aspx>).

Khomeini died on 3 June 1989 and such procedure by foreign intelligence agency made only to benefit the illegitimate Islamic republic in Iran and their allies throughout the world. Since then and to this date, the Australian Government's servants and officers, the Ministers and Senators and the Members of the Federal Parliament in Australia committed serious Crime against humanity that defines under the International Criminal jurisdiction.
